

Rossiter House

EASTLEIGH CARE HOMES

*Beautiful apartments
for the more independent*

Rossiter House

Rossiter House is a magnificent Georgian building adjacent to Eastleigh Care Home, where we have built a justifiable reputation for the warmth and quality of our care.

At Rossiter House we aim to provide convenient and comfortable accommodation in a setting which allows residents to have the freedom to come and go as they please, whilst giving security and encouragement to make

friends and share a wider social life through use of the facilities provided by Eastleigh.

It has been tastefully modernised and converted into 5 apartments, where many of the original features have been maintained to enhance the character of each apartment. Each luxury apartment will accommodate a twin en-suite bedroom, an open plan living area, with a fully integrated kitchen. Residents are positively encouraged to bring their own furniture and sentimental possessions to the spacious apartment, which has been individually finished with colours from the Laura Ashley range.

Location

Situated in the market town of South Molton in the heart of the Devon countryside, Rossiter House is ideally placed for both the magnificent Exmoor National Park and the beautiful North Devon coastline. It is easily accessible, being only 30 minutes from junction 27 of the M5. All within walking distance are local shops, post office, library, tea shop, church and various places to eat.

The reassurance of Eastleigh

Residents can choose to cater for themselves or take advantage of the excellent cuisine available just a short stroll away in Eastleigh. Equally they can spend as much, or as little, time as they may choose socialising with the residents in Eastleigh.

Eastleigh Care Homes provides superb facilities and activities that are all available to the Rossiter residents. They can also take advantage of the beautifully landscaped gardens.

Should it be necessary, then high quality care at Eastleigh is also available.

*secure in the knowledge
they're in good hands*
